

3<sup>rd</sup> Floor Production

an FBN under Butterfly Angel Entertainment, LLC

Alexa Polar came highly recommended as a 1<sup>st</sup> AD by a producing partner and friend of mine for over twenty years who recently worked with her. She proceeded to show me an organized binder filled with the production paperwork and signed documents that Alexa carefully put together.

After that I was sold, and I reached out to her. Alexa promptly got back to me, e-mailed her bio, and resume etc. We met in person and have been working together ever since and I plan on continuing to work with her on future projects.

Alexa brings many things to the table in addition to her expertise as a 1<sup>st</sup> AD who is a stickler for time and safety. Her legal knowledge and paralegal skills are invaluable when it comes to many different types of entertainment contracts. She is a true asset to any production.

Sincerely,
